

# Best sellers J-B WELD and KWIK now share convenient display.

Dynamic duo J-B WELD (Part No. 8265-S) and J-B KWIK (8276) can now be found in a single sidekick set up, so customers can quickly grab one of each to cover all their cold weld needs! And the sidekick comes with product hooks and display clips for easy attachment to gondolas.

J-B WELD is perfect for the strongest overnight repairs around the house, on autos, motorcycles, mechanical parts, boat and marine equipment and more. And KWIK fixes things pronto, including emergency repairs on autos, mechanical parts and marine and agricultural equipment. KWIK is also great for hobbyists, at home on

plumbing and virtually any porous or non-porous material.

Like J-B WELD, KWIK can be drilled, formed, ground, tapped, sanded and painted.

Both products are non-toxic and safe, and now hang out with each other in the new Sidekick display case.

The World's Finest Cold Weld
